School and Community Partnerships

There are many opportunities for parent and community involvement. Some examples include:

- Parent - Teacher Organizations
- School Board Committees
- Chaperoning at School Events
- Booster Clubs
- Classroom Helpers
- Coaching

Several community-based programs are brought in to assist students with their individual needs.

At the Junior High and Senior High School levels, guidance is available for career and college counseling.

Evening informational presentations and orientations are offered on various topics, ranging from homework tips to financial aid for college.

The High School Library has evening hours, during which it is open to the public.

Junior High / High School Academics and Activities

High standards and expectations for student achievement are valued here at SCS. Course selections are varied. Students have the opportunity to participate in Honors, Advanced Placement, and University in the High School courses. They also have the opportunity to participate in a variety of electives, which include Business, Agriculture, Sports Management, and Fashion.

Career and Technical Education programs are available in Culinary Arts, Construction, Technology, Cosmetology, and many more.

The Guidance Department provides students with support in academic and career planning, and counseling. They also consult with teachers, parents, and the Administration to ensure student success.
